

Interested in joining a car club?

MSMA could be what you are looking for. MSMA is a group of people having fun with and without cars. We were first organized in the spring of 1976 and now have two divisions: the Central division, based in the metro area, and Southern division based in Rochester.

Each division sponsors many events for people who enjoy anything automotive. MSMA puts on car shows, swap meets, picnics, cruises, week-end events, yearly banquets, monthly meeting and other fun get-togethers throughout the year. Members cruise together, caravan to car shows and events, help each other work on cars or find that "special" car (truck, van, whatever) and find the right parts for the right price. Many dealers, parts stores, etc. give MSMA members a discount when they show their current membership cars. Many of these businesses are listed in our monthly newsletter, the White Line Flyer, and on our web site, <http://www.msma.net/>. The newsletter also gives free wanted/for sale space to members, features on member's vehicles, information on upcoming events and reviews of past events. The what, where and when of every event of interest we are aware of is listed monthly and sent to your home for pleasure and information.

Back to those monthly meetings; members discuss events they have gone to and events they are going to. Often members going to the same event will cruise together and if enough members are going, it becomes a "club event". We have "car talk" where members discuss their latest projects, problems they are having or where to shop or not shop. Recent and pending laws that affect our hobby are discussed. One of our sources is the SEMA newsletter. MSMA merchandise is on sale at all meetings. Members who are present at the meeting are also entered into a monthly drawing. If you are looking for a strict "go by the rules" meeting, well, maybe you better keep looking. As I said at the top of the page, MSMA is about having fun.

Meetings are held on the third Wednesday of every month  
Kraus Hartig VFW Post #6587  
8100 Pleasant View Drive  
Spring Lake Park, MN  
Doors open at 6:30pm, and the meeting starts at 7:00

MSMA is people.....their vehicles.....events.....programs... meetings.....newsletters.....and most important.....FUN.  
So if you already have your special vehicle, are building/restoring or planning/dreaming about that special vehicle...
